#### **Report of Independent Auditors**

To the Board of Directors and Stockholder of Enterprise Fund Distributors, Inc.

In our opinion, the accompanying statement of financial condition and the related statements of operations, changes in stockholder's equity and cash flows present fairly, in all material respects, the financial position of Enterprise Fund Distributors, Inc. at December 31, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management; our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Supplementary Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## Enterprise Fund Distributors, Inc. Notes to Financial Statements December 31, 2007

#### 1. Organization and Nature of Business

Enterprise Fund Distributors, Inc. ("EFD or Company") is a wholly owned subsidiary of Enterprise Capital Management, Inc. ("ECM"), which is a wholly owned subsidiary of MONY Financial Services, Inc. ("MONY"). MONY is a wholly owned subsidiary of AXA Financial Services, Inc. ("AXA Financial"). EFD is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and a member of the Financial Industry Regulatory Authority ("FINRA"). EFD is the distributor for The 787 Fund, Inc. and AXA Enterprise Funds Trust, Inc. ("AEFT"), two mutual funds managed by ECM. A serious downturn in the mutual funds' performance or a significant decrease in the number of the mutual funds' investors would affect operating results adversely.

In pursuing its strategic decision to exit the business of managing proprietary retail mutual funds, AXA Financial and certain of its subsidiaries, including ECM, EFD and AXA Equitable Life Insurance Company ("AXA Equitable"), a subsidiary of AXA Financial, entered into an agreement to sell certain assets of AEFT and two groups of mutual funds formerly managed by ECM and AXA Equitable and distributed by EFD, The Enterprise Group of Funds, Inc. and AXA Enterprise Multimanager Funds Trust, to Goldman Sachs & Co., Inc. ("Goldman Sachs"). After receiving requisite regulatory and shareholder approval, in the 27 funds were reorganized into corresponding mutual funds advised by Goldman Sachs Asset Management L.P. in the second half of 2007. In addition, one of the remaining four funds was liquidated during second quarter 2007.

#### 2. New Accounting Pronouncements

The Company adopted the provisions of Financial Accounting Standards Board (FASB) Interpretation No. 48 (FIN 48), Accounting for Uncertainty in Income Taxes on January 1, 2007. This interpretation clarifies that the benefit of a position taken or expected to be taken in a tax return should be recognized in a company's financial statements when it is more likely than not that the position will be sustained based on its technical merits. FIN 48 also prescribes how to measure the tax benefit recognized and provides guidance on when a tax benefit should no longer be recognized as well as various other accounting, presentation and disclosure matters. The adoption of FIN 48 did not have a material affect on the Company's financial statements for the year ended December 31, 2007.

#### 3. Summary of Significant Accounting Policies

The significant accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America and prevailing practices within the broker-dealer industry. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The following is a summary of the more significant accounting policies of the Company:

#### **Recognition of Revenues**

Distribution fees and interest and dividend income are accrued as earned. Commissions and mutual fund sales fees related to the sale of the 787 Fund, AEFT, EGF and AEMFT fund shares are recorded on the trade date.

# Enterprise Fund Distributors, Inc. Notes to Financial Statements

**December 31, 2007** 

#### Securities Owned

Securities transactions are recorded on the trade date and are valued at market value.

#### Sales Commission Payments

EFD offers Class B and C shares of AEFT and the 787 Fund, and offered class B and C shares of EGF and AEMFT through part of 2007, which are subject to a contingent deferred sales charge ("CDSC"). At the time of sale, the Company pays commissions to broker/dealers for sales of the 787 Fund, AEFT, EGF and AEMFT Class B and C shares. Class B commissions paid are deferred and amortized over the lesser of six years on a straight-line basis, or the period during which related distribution fees and CDSC revenues are earned. Management evaluates recoverability through ongoing estimates of future revenues from Class B shares. Class C share commissions are expensed when paid.

#### Cash

The Company has defined cash equivalents as highly liquid investments with original maturities of less than ninety days that are not held for sale in the ordinary course of business.

#### **Property and Equipment**

Property and equipment are reported at historical cost less accumulated depreciation. Depreciation is determined by use of the straight-line method over the estimated life of the asset. Furniture and equipment are depreciated over three to seven years. Upon disposal of property and equipment, the related gain or loss is included in income.

Property and equipment consisted of the following at December 31, 2007:

	2007
Furniture and equipment Leasehold improvements	\$ 155,904 147,126
	303,030
Accumulated depreciation	(183,367)
Property and equipment, net	\$ 119,663

#### **Income Taxes**

EFD and ECM file a consolidated Federal income tax return with MONY. The Company computes Federal and state income tax expense on the basis of EFD filing consolidated and, where appropriate, combined returns. As a result, the Company receives the benefit of its tax attributes to the extent that such attributes are utilized by other members of the consolidated group. The amount of current and deferred taxes payable or refundable is recognized as of the date of the financial statements utilizing currently enacted tax laws and rates. Deferred tax expenses or benefits are recognized in the financial statements for changes in deferred tax liabilities or assets between years.

#### Statement of Changes in Subordinated Liabilities

The financial statements of the Company do not include a statement of changes in liabilities subordinated to the claims of general creditors as required under Rule 17a-5 of the SEC since no such liabilities existed at December 31, 2007 or during the year then ended.

#### **Advertising and Promotions**

Costs of advertising and promotions are expensed as the advertising appears in the media.

### Enterprise Fund Distributors, Inc. Notes to Financial Statements December 31, 2007

#### 4. Related Party Transactions

#### **Transactions with the Funds**

The 787 Fund and AEFT each have a distribution agreement with EFD. EGF and AEMFT each had a distribution agreement with EFD through part of 2007. The distribution agreements provide that certain classes of each portfolio of the 787 Fund, AEFT, EGF and AEMFT pay an annual distribution fee to EFD. EFD uses the distribution fees to pay for expenses on behalf of the 787 Fund, AEFT, EGF and AEMFT related to the distribution and servicing of their shares. For the year ended December 31, 2007, EFD earned \$17,503,274 in mutual fund distribution fee income from the 787 Fund, AEFT, EGF and AEMFT.

#### **Transactions with Parent**

ECM provides certain personnel, facilities, supplies, equipment and other services to EFD. Services rendered are pursuant to a written agreement between ECM and EFD that sets forth the services to be provided and how fees will be charged to EFD for those services. Total amounts charged to EFD amounted to \$62,349 for the year ended December 31, 2007, which is included in General and Administrative expense in the Statement of Operations.

#### 5. Loss on Sale of Deferred Sales Commission Assets

A loss on sale of deferred sales commission assets associated with certain AEFT, EGF and AEMFT funds in the amount of \$1,587,403 was incurred. As more fully described in Note 1, the loss was a result of the sale of mutual fund assets to Goldman Sachs in 2007. The net deferred sales commission asset was reduced by \$10.3 million due to this sale. The remaining deferred sales commission asset at December 31, 2007 was \$480,606.

#### 6. Income Taxes

The income tax benefit for the year ended December 31, 2007 is composed of the following:

	2007
Current:	
Federal	\$ 296,319
State	53,845
Deferred	(4,968,568)
Total benefit	\$ (4,618,404)

### Enterprise Fund Distributors, Inc. Notes to Financial Statements December 31, 2007

The following reconciles the income tax provision benefit at the Federal statutory rate of 35% and the actual income tax benefit at the effective rate of 39%:

	2007
Taxes at statutory Federal income tax rate State income taxes, net of Federal benefit Meals and entertainment Other, net	\$ (4,144,793) (456,376) 18,791 (36,026)
Total benefit	\$ (4,618,404)

The major components of the net deferred tax liability as of December 31, 2007 are as follows:

Deferred taxes - noncurrent:	2007
Deferred tax liability – Deferred commissions Deferred tax asset – Property and equipment Deferred tax asset – State net operating loss carryforwards Deferred tax allowance – State net operating loss carryforwards	\$ (186,956) 40,915 2,062,244 (2,008,398)
Net deferred tax liability	\$ (92,195)

#### 7. Commitments and Contingencies

In the normal course of business, EFD enters into contracts that contain a variety of representations and warranties and which provide general indemnification. EFD's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against EFD that have not yet occurred. The Company has not historically incurred any material losses and does not anticipate future losses, if any, to have a material impact on the financial statements.

#### **Lease Commitments**

The Company leases office facilities and office equipment under non-cancelable operating leases that expire from 2008 through 2010, respectively. As of December 31, 2007, the minimum annual aggregate rentals are as follows:

	2008	2009		2010		
Facilities	\$ 184,661	\$	-	\$ -		
Equipment	67,615		56,712	35,871		
Total	\$ 252,276	\$	56,712	\$ 35,871		

The Company terminated its operating lease for office facilities effective April 30, 2008 at which point a month-to-month lease will be entered into for a maximum of 12 months. Rent expense was \$1,592,816 for the year ended December 31, 2007, which included an operating lease termination fee of \$845,820.

# Enterprise Fund Distributors, Inc. Notes to Financial Statements December 31, 2007

#### 8. Net Capital Requirement

EFD is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. As of December 31, 2007, EFD's net capital under the rule was \$8,821,624, which exceeded the net capital requirement of \$186,953 by \$8,634,671 and its aggregate indebtedness to net capital was 0.32 to 1.

The Company claims exemption from SEC Rule 15c3-3 of the Securities and Exchange Commission under paragraph (k)(1) of the Rule.

#### 9. Concentration of Cash

Cash totaling \$11,625,917 is held by one financial institution.

#### 10. Subsequent Events

In continuing to execute AXA Financial's strategy of exiting the proprietary retail mutual fund business, on February 1, 2008, ECM and EFD entered into an agreement with and among Gabelli Funds, LLC and Gabelli & Co., Inc. to sell certain of the assets of The 787 Fund, Inc. to Gabelli Funds, LLC subject to customary regulatory and shareholder approvals (the "Agreement"). The Agreement is expected to close in the first quarter of 2008. Pursuant to the Agreement, Gabelli Funds, LLC will use commercially reasonable efforts to ensure that EFD remains the principal underwriter for the 787 Fund, Inc. for a two-year period from the closing date of that transaction.

Additionally, on February 22, 2008, Commonwealth Capital Management, LLC ("CCM") entered into an agreement with MONY and ECM whereby CCM agreed to purchase ECM (including its wholly-owned subsidiary, EFD) subject to customary regulatory and shareholder approvals. EFD will continue to serve as the principal underwriter for both series of AEFT. This transaction is anticipated to close in the second quarter of 2008.

# Report of Independent Auditors on Internal Control Required by SEC Rule 17a-5

To the Board of Directors and Stockholder of Enterprise Fund Distributors, Inc.

In planning and performing our audit of the financial statements of Enterprise Fund Distributors, Inc. (the "Company") as of and for the year ended December 31, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures, that we considered relevant to the objectives stated in Rule 17a-5(g), in making the following:

- 1. The periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11); and
- 2. Determining compliance with the exemptive provisions of Rule 15c3-3.

Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13; and
- 2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's abovementioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

# PRICEWATERHOUSE COPERS @

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first, second, and third paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above. We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties
